CAREER OBJECTIVE

Electronics & Instrumentation Engineering graduate with a strong understanding of sensors, control systems, process instrumentation, and industrial automation. Experienced in working with real-time data acquisition, instrumentation tools, and practical problem-solving through projects and lab work. Keen to apply analytical skills, attention to detail, and technical knowledge in a core instrumentation role within a growth-driven organization.

SKILLS

Programming: C, Java (Core), MATLAB, Python, JavaScript (ES6)

Web Technologies: HTML5, CSS3, React.js, Tailwind CSS

Databases: MySQL

Tools & Platforms: MATLAB, Arduino IDE, CPP Simview, LabView, Linux (CLI), Git, GitHub, VS Code

Soft Skills: Communication, Team Work, Management, Leadership

PROJECTS

Smart Cafeteria Ordering System ([Repo-Link](#))

Feb 2025

- Designed a Smart Cafeteria Ordering System using Speech-to-Text to automate order entry and reduce manual errors.
- Integrated RFID-based user identification for ERP-style management, including tracking and record maintenance.
- Implemented real-time data handling and system coordination for efficient cafeteria operations.

Thermo-Map ([Repo-Link](#))

Apr 2025

- Developed an automated Mushroom Farming system using LabVIEW with 3D modelling and real-time monitoring.
- Implemented temperature regulation using DHT11/DHT22 sensors for controlled cultivation conditions.
- Integrated data acquisition and control logic for reliable, hands-free environment management.

EDUCATION

- Silicon University India (*Electronics & Instrumentation Branch, CGPA: 8.28 (Till 6th Semester)*) **2022 – 2026**
- Kendriya Vidyalaya No.2 School, India (*CBSE (Class XII) Percentage: 83.33 %*) **2021 – 2022**
- Kendriya Vidyalaya No.2 School, India (*CBSE (Class X), Percentage: 85.13 %*) **2020 – 2021**

CERTIFICATIONS & TRAINING

- NPTEL Silver - Understanding Incubation and Entrepreneurship
- NPTEL Gold – Practical Cybersecurity for Cybersecurity Practitioners
- Core Java Internship – Silan Software Pvt. Ltd.
- MERN Stack Web Development Internship – CodeBeat
- Ethical Hacking Internship – InLighnX Global Pvt. Ltd.

ACHIEVEMENTS & ACTIVITIES

- PM SHRI Scholarship Awardee – Ministry of Education, Government of India
- Participant – Smart India Hackathon 2024
- Winner – Skill Lab Project Competition for Smart Cafeteria Ordering System
- KVS National-level Kho-Kho Player
