CAREER OBJECTIVE

Electronics & Instrumentation Engineering student passionate about Cybersecurity, with hands-on experience in programming, network fundamentals, and web development. Skilled in solving complex challenges through projects and continuous learning. Committed to contributing to a secure digital world by adapting and growing with evolving technologies.

TECHNICAL SKILLS

Programming: C, Java (Core), Python, JavaScript (ES6)
Web Technologies: HTML5, CSS3, React.js, WordPress
Cybersecurity Tools: Nmap, BurpSuite, Bettercap
Databases: MySQL
Tools & Platforms: Linux (CLI), Git, GitHub, VS Code, Eclipse, Jupyter Notebook

PROJECTS

System Activity Monitoring Tool ([Repo. Link](#))

Jan 2025

- Monitored system events, user input, and application behavior in a controlled cybersecurity lab to analyze potential security risks.
- Used Python libraries like pynput, Fernet, and PIL to demonstrate Windows security vulnerabilities with automated secure logging.

Password Manager ([Repo. Link](#))

Aug 2025

- Built a Python-based password manager to generate strong passwords and securely store them using encryption and JSON-based storage.
- Implemented file handling, input validation, and an interactive CLI for managing and retrieving saved credentials.

Console Gaming Website ([View Project](#)) ([Repo. Link](#))

Nov 2025

- Developed and deployed a responsive console gaming showcase website using modern JavaScript tooling with Tailwind CSS and Vite, demonstrating frontend UI skills and real-world project deployment.
- Integrated full web interface with live hosting on Vercel, ensuring fast, scalable delivery and practical experience with cloud deployment workflows.

EDUCATION

- | | |
|--|--------------------|
| • Silicon University India (<i>Electronics & Instrumentation Branch, CGPA: 8.28 (Till 6th Semester)</i>) | 2022 – 2026 |
| • Kendriya Vidyalaya No.2 School, India (<i>CBSE (Class XII) Percentage: 83.33 %</i>) | 2021 – 2022 |
| • Kendriya Vidyalaya No.2 School, India (<i>CBSE (Class X), Percentage: 85.13 %</i>) | 2020 – 2021 |

CERTIFICATIONS & TRAINING

- NPTEL Gold – Practical Cybersecurity for Cybersecurity Practitioners
- Ethical Hacking Bootcamp – IIIT Bhubaneswar (ISEA Phase-3, MeitY)
- Ethical Hacking – Z-Security
- MERN Stack Web Development Internship – CodeBeat
- Ethical Hacking Internship – InLighnX Global Pvt. Ltd.

ACHIEVEMENTS & ACTIVITIES

- PM SHRI Scholarship Awardee – Ministry of Education, Government of India
- Participant – Smart India Hackathon 2024
- Participant – HACK-O-12 Hackathon (ISTE Silicon Chapter)
- KVS National-level Kho-Kho Player

SOFT SKILLS

- Problem Solving, Team Collaboration, Adaptability, Time Management
